

Living In Faith Everyday - (LIFE) Mission

**Spiritual Gifts Team** – *Building a Culture of Generosity through Time, Talent & Treasure*

Chances are you already share your time, talent and treasures. So how can you make your giving even more meaningful?

The Spiritual Gifts Team, as part of the “Living In Faith Everyday” (LIFE) Mission, will be hosting a workshop titled, “Making a Difference: Sharing your time, talents and treasures”. By being a steward of your resources and making intentional choices about how you share them, you can make your giving even more meaningful. During the workshop, you’ll identify the values that are most important to you, explore ways to share your resources to make a difference, and begin to create a personal giving plan.

The workshop will be presented by Scott Barth, Managing Partner of the Southwest WI Regional Office of Thrivent Financial for Lutherans. Along with numerous career accomplishments, including being named Thrivent Financial Region Master of the Year in 2008 and 2010, Scott manages over 150 Financial Representatives from Milwaukee to Wausau, to Madison, to Eau Claire and LaCrosse. Scott and his wife Stephanie are parents to three young children. In his free time, Scott enjoys coaching his children’s sports teams, serves on multiple committees at his church, including Sunday School Teacher and Church Council, and serves on the Board of Directors for Lutheran Social Services of WI and Upper MI. Scott epitomizes servant leadership in every aspect of his life and we are very fortunate to have him lead us through this important exercise to help Immanuel fulfill its LIFE mission.

The workshop will be held on Monday, January 30<sup>th</sup>, at 6:30 p.m. at Immanuel. For more information, please see any one on the Spiritual Gifts Team, including Roger Deterding, Joel Skalet, J.C. Fish, Todd Haglund and Damon Piscatelli.
